When the weather gets cooler we all tend to hibernate inside our homes wearing comfy favourites like loose jeans, baggy sweaters, and cosy slippers. But don't for a minute think that the fashion season is over. With Winter comes the Winter Racing Carnival, where fashion is at its peak by the track.

<<FLIPSTERS FOR RACE DAY>>

If you're wearing heels to the races this season, make sure that you pack a handy pair of Flipster thongs in your purse. Available at Savida Shoes on Racecourse Rd, these Australian designs are not only clever, they're affordable and comfortable too. The thongs fold down to fit into a nifty little zip-up container that's designed to fit into the corner of your clutch purse. They also come with a great stiletto strap, that holds onto your heels while you make the walk home. They're a must-have for any heel wearing lady, and are only \$29.95

<<LOOKING GOOD>>

Look good in an outfit by Sabatini when you grace the racecourse this season. A great selection of these designer outfits are available at Joli Boutique on Racecourse Road. Pictured is their tweed-look jacket for \$579. New in stock is also a fabulous selection of hats and hand-made fascinators. Head in-store for all of your race-day fashions.

<< CLASSIC COATS>>

While the days are still warm enough at the moment to endure wearing a light dress, once the sun starts to set the thermometer drops. Don't be left shivering on the side of the track when there are so many classic coats you could be wearing.

Two standouts for the season are Veronika Maine's black blazer (\$269), and Sport-scraft's camel trench. Both designs are classic, well-structured, and sure to remain wardrobe favourites for many years to come. Complete the look with a pair of leather gloves by Event (\$69.95).

<<WINTER BEAUTY>>

The latest runway looks for beauty this season are inspired by the classic elegance of yesteryear. So when you're getting dressed up for the races this season, make sure your make-up is classic. Available at Westfield Chermside this season are some of the most wanted beauty items, perfect for a day by the track. First up opt for a matte lipstick that will make your lips pop. Pale

glosses are so passe this winter, so splash on a bright colour like a burnt orange or ruby red like Napoleon Perdis' DeVine Goddess Lipstick in Hara (\$33). Opt for a soft metallic tone across your eyes like the Body Shops Eye Colour 07 in Conker (\$18.95), and highlight your gorgeous cheeks with the Radiant highlighter available at the Body Shop (\$25.95).
