Flipsters

IT'S late at night, the party's over, there's not a cab to be seen and those killer heels are proving to be just that.

At this point, clever belles will be reaching into their handbags and whipping out a pair of Flipsters - stylish, fold-up thongs that come in their own travel case.

Slip off the stilettos, slip on the Flipsters and save the pain for another day.

There's also a carrier that you can slip the heels of your stilettos into so they're easier to carry home.

They're also great for beach soirees, and keep them close on long-haul flights when you've kicked off your hiking boots and need something in which to lounge around the cabin. Rubber soles and heel elastic keep them snug.
